13. In all matters of disputes about rates, measurements, quantity and quality of work, etc., and in all other disputes of any kind, the decision of the Chief Engineer for Roads and Buildings in Mysore, Bangalore, will be final and legally binding.

14. The rates quoted shall hold good if the tender is accepted within six months from the date of tender and shall thereafter be binding for the execution of the entire work.

15. The contractors will please note that the conditions will in no case be relaxed.

16. Those who cannot abide by the conditions need not tender.

17. The work should be completed within *three months* from the date of issue of work order.

18. Tendered contractor has to pay compensation to the disabled workmen working under him for any injury caused during the execution of this work, failing which, the amount will be deducted from the bills and paid to the injured.

19. Sales-tax will be recovered at the prescribed rate on all works bills.

20. The tenderer should produce the Income-tax Clearance Certificate from the Income-tax Commissioner along with the tender, without which the tender will not be considered.

21. Sales-tax Clearance Certificate should also be enclosed along with the tender in the prescribed form as per Government Order No. Fl. 4267-4416—S.T. 32-53-2, dated 20th August 1953, failing which, the tender will be rejected.

6675 G. KRISHNASWAMY, *Ex. Engr.*

WATER SUPPLY DIVISION, BANGALORE.

Notification dated 14th December 1953.

No. 2524. Sealed quotations (Tenders) duly signed by the contractors will be received in the office of the Executive Engineer, Water Supply Division, Bangalore, up to 3 P.M. on the 30th December 1953, for the supply of the following materials for Raising the existing Chamarajasagar Dam by 10 ft. *i.e.*, R.L. 2570 to R.L. 2580 including Valve Tower.

1. The contractor having good experience in such works and large organisations shall quote for each individual item of work both in figures and words and the rate shall hold good till the works are completed. The rates quoted shall include provision for payment of Sales-tax, lead, lift, etc., for loading and unloading and stacking charges.

2. No conditional clause will be accepted.

3. No cheques will be accepted for earnest money and no request for adjustment of amount due by the Government can be entertained.

4. Quotations should be accompanied by Treasury chellan for having credited the earnest money of Rs. 100 (Rupees one hundred only) under remittances "*Revenue Deposits*" and the chellan has to be got countersigned before being presented to the Reserve Bank of India, Bangalore, for remittance. After entrusting the work to the successful quotationist, the chellans enclosed by the other quotationist will be returned to them duly endorsed for refund. Refund can be had from the Treasury or the Reserve Bank of India where the amount was first deposited.

5. The quotation forms can be had from the office of the undersigned on payment of annas four per form. Quotations submitted in other forms not issued from this office under the authority will be rejected.

6. The successful contractor shall bind himself to abide by the Departmental rules and specifications in force and shall execute necessary agreement within seven days from the date of intimation of acceptance of his tender, failing which his quotation will be cancelled unconditionally and his earnest money forfeited to Government.

7. The final acceptance of or disposal of the quotation in full or in part or in any manner rests with Chief Engineer of Mysore, Bangalore who is not bound to accept the lowest or any tender or assign any reason thereof.

8. The cost of materials supplied by the Department owing to non-availability in the market or for other reasons will be recovered from the Bill of the contractor at ledger or market rates, whichever is higher with usual centage.

9. Reserve of 5 per cent and the earnest money deposit will be repaid only at the settlement of final bill.

10. Accepted contractor will have to pay compensations as per Workmen's Compensation Act to the workmen under their employment injured, disabled or killed during the execution of work, failing which the amount will be deducted from the bill of the contractor for payment to the injured or his legal heirs of the deceased.

11. The work should not be sublet to others.

12. Quotations given in the notification schedule are approximate and are liable for alteration. No extra rate will be allowed for such alterations.

13. Quotations submitted on percentage basis will be rejected.

14. All stones required for the above work should be obtained from either Shanbhoganahally quarry or Gangappanahally quarry of from any other quarry after getting the approval as to the quality of stones or slabs in particular.

15. For all disposals with regard to this work either in respect of rates or quantities the decision of the Chief Engineer of Mysore, Bangalore, shall be legal and finally binding.

16. The contractor should bind himself for the good behaviour of the agents he appoints.

17. Income-tax clearance certificate granted by the Income-tax Department will have to accompany the tender.

18. A minimum monthly progress of Rs. 30,000 will have to be guaranteed by the contractor. But the actual cost of supplies made should be more than the minimum specified above, so that the entire construction of the Dam is completed, within one year from the date of acceptance of the quotation.

19. Failure to fulfil the above conditions would entail levy of penalty of Rs. 10 per day from the date of default. If the total of such fine exceeds Rs. 1,000 the contract will be cancelled and the work executed by other agency. The extra expenditure to the Department on this account being recovered from the defaulting contractor. The earnest money will also be forfeited.

20. Defective materials and materials not to the required specification pointed out by the Departmental official, should immediately be cleared from the work spot, at the contractor's cost, failing which, the same will be cleared by the Departmental labour and the cost thereof will be recovered from the contractor's bill.
